

<b>Appendix A: Individual level Data Sharing Agreements from 2011 to present by Organisation and Project Aims</b>		
<b>Customer Organisation</b>	<b>Project Aims</b>	<b>Data Sharing Agreement No</b>
Glasgow Centre for Population Health	The data will be used to inform the GCPH programme of work: Moving in the right direction? and to summarise and understand recent trends in travel patterns, current attitudes towards different modes of travel and the impact of strategy/policy on the ground.	EDA0023
University of Glasgow	To allow researchers to link national level data from education and health sectors in order to investigate the impact of guidelines changing the mode of delivery of breech infants and the impact on their education outcomes.	EDA0034
<b>Scottish Centre for Social Research</b>	Education information for pupils who gave permission in Growing Up in Scotland Survey	EDA0037
National Records Scotland	Results from linkage with other administrative sources will contribute towards the development of methods for counting populations without the requirement for a census.	EDA0038
University of Manchester, school of Education	Using longitudinal data to determine links between variables which relate to demographic characteristics, birth and maternity data and socioeconomic variables, and school census data on school outcomes including performance and attainment.	EDA0040
<b>Campbell &amp; Todd IT Limited</b>	Insight is an online benchmarking tool designed for secondary schools and local authorities to identify areas of success and where improvements can be made in the Senior Phase. The developers require the data to make this available.	EDA0053
Aberdeenshire Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0059
<b>East Dunbartonshire Council</b>	To provide information on the attainment levels and destinations, and attendance and absence and exclusions, of looked after children. The linked dataset will support the LA to undertake monitoring, benchmarking and improvement of their Social Work Services.	EDA0067a
North Ayrshire Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0071
University of Glasgow	To inform a better understanding of educational risk factors for mental illness will help to inform the design of services which aim to identify mental disorder as soon as possible in order to improve long-term outcomes.	EDA0073A
<b>Dundee City Council</b>	Providing attainment and leaver destinations data of looked after children. The linked dataset will support the LA to undertake monitoring, benchmarking and improvement of their Social Work Services.	EDA0084
Shetland Islands Council	To provide information on the attainment levels and destinations, and attendance and absence and exclusions, of looked after children. The linked dataset will support the LA to undertake monitoring, benchmarking and improvement of their Social Work Services.	EDA0092
<b>Education Scotland</b>	To supply statistical information on schools to inspectors to help support their inspections of schools. Additionally, they are also able to use this data for other statistical and research purposes that are part of work of Education Scotland and that are in line with the details set out in this agreement.	EDA0093
National Records of Scotland	This data sharing will allow NRS to undertake quality assurance of population estimates throughout the inter-censal period as well as allowing more detailed analysis of the relationship between two different administrative sources (School Census and NHSCR)	EDA0095
National Records of Scotland	By linking the annual school Census data, attendance and absence data, exclusions data and qualifications data to the Scottish Longitudinal Study (SLS) dataset it is possible for academics, the Scottish Government and other legitimate researchers to undertake a range of different types of analysis.	EDA0096
Angus Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0098
<b>Fife Council</b>	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0099
<b>East Renfrewshire Council</b>	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0100
<b>East Lothian Council</b>	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0101
<b>North Ayrshire</b>	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0102
<b>Clackmannanshire Council</b>	To provide information on the attainment levels and destinations, and attendance and absence and exclusions, of looked after children. The linked dataset will support the LA to undertake monitoring, benchmarking and improvement of their Social Work Services.	EDA0103
Stirling Council	To provide information on the attainment levels and destinations, and attendance and absence and exclusions, of looked after children. The linked dataset will support the LA to undertake monitoring, benchmarking and improvement of their Social Work Services.	EDA0104
University of Glasgow, Institute of Health & Wellbeing	Research through linkage of education and health aiming to study the association between health and education. Investigating the impact of various health factors on impaired educational and health outcomes.	EDA0106
<b>Edinburgh City Council</b>	Providing attainment and leaver destinations data of looked after children. The linked dataset will support the LA to undertake monitoring, benchmarking and improvement of their Social Work Services.	EDA0108
Glasgow City Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0110
Fife Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0112
East Renfrewshire Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0114

<b>Appendix A: Individual level Data Sharing Agreements from 2011 to present by Organisation and Project Aims</b>		
West Lothian Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0115
Jordanhill School	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0116
Renfrewshire Council	To provide info on attainment levels + destinations + attendance and absence + exclusions of LAC to Renfrewshire LA for stats + research purposes	EDA0117
Edinburgh Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0118
Perth & Kinross Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0119
Falkirk Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0120
North Ayrshire Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0121
Stirling Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0122
Clackmannanshire Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0122
Dumfries and Galloway Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0123
West Dunbartonshire	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0124
East Lothian Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0125
Highland Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0126
East Dunbartonshire Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0127
Aberdeen City Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0128
Aberdeenshire Council	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0130
Dundee City Council	Providing local authorities with their own exam attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0131
Institute of Health and Wellbeing University of Glasgow	To investigate the association between being born out of hours and: the later development of ASN due to disability/health at school age and subsequent educational attainment.	EDA0132
Scottish Qualifications Authority	To supply pupil identifiers to allow for analysis for attainment of pupils in Scottish schools	EDA0138
South Ayrshire	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0145
North Lanarkshire	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0146
Scottish Government	To create geographical data analysis using pupil numbers by output area for 2013 to 2015 for Scottish Index of Multiple Deprivation 2016 access to services	EDA0148
University of Edinburgh	To determine longer term educational outcomes and survival following twin delivery by gestational stage including record of additional education support need, type of need, examination attainment level and school leaver destination.	EDA0149
East Ayrshire Council	Providing local authorities with their own exam attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0151
<b>University of Glasgow</b>	They will analyse pupils by Scottish Index of Multiple Deprivation (SIMD) in individual schools against staying on rates, Higher results and HE applications. This analysis will lay the groundwork for considerations on how to practically engage with these pupils during secondary school to promote aspiration, attainment and access to HE.	EDA0152
<b>University of Glasgow</b>	Childsmile is a programme to improve dental health on Children in Scotland. Linkage of Pupil Census, AAE and Looked After Children data to Health and Childsmile specific datasets.	EDA0153
<b>Renfrewshire Council</b>	Providing local authorities with their own exam attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0158
<b>University of St Andrews</b>	Looking to obtain data from pupil census, attainment data and leavers destination information to investigate how school leavers are patterned by geography, ethnicity and deprivation.	EDA0160
<b>University of Oxford</b>	Aims to use pupil census, leaver destinations and attainment data to understand levels of integration of non-native language speakers in publicly funded secondary schools in Glasgow.	EDA0161
<b>University of Glasgow</b>	The data will be used for statistical and research purposes to inform the information strategy of the Scottish Government Good Places Better Health Initiative. It will allow analysis of school-level data on active travel and the sustainability of school buildings by the average deprivation of pupils and distance travelled to school.	EDA0162
<b>South Lanarkshire Council</b>	Providing local authorities with their own attainment data back for self-evaluation, benchmarking and statistical and research purposes only.	EDA0163
Note - Each row indicates a separate data sharing agreement
